SBP AmeriCorps Disaster Corps Project Lead

Service Position Summary:

SBP, a social impact organization focused on disaster resilience and recovery, **solves the challenges facing at-risk communities** and scales impact with a proven model that brings the rigor of business and innovation to reduce risk, create resilient communities and streamline recovery. By taking this holistic approach, SBP shrinks the time between disaster and recovery. SBP does this in three connected ways—prepare, shape and build.

1. SBP **prepares** individuals, communities and organizations to mitigate risk and speed recovery.
2. SBP **shapes** federal policy and system change and state and local disaster recovery programs to be more efficient and effective.
3. SBP **builds** resilient communities efficiently and effectively and shares our proven model and approach with others.

SBP's Disaster Corps Project Leads are pivotal in supporting response efforts immediately following the impact of natural disasters. Being first on the ground post-disaster, Disaster Corps Project Leads provide services such as assessments, debris clean up, muck and gut, volunteer coordination, mold remediation and trainings to impacted residents. These activities are the first steps to return individuals to safe, sanitary, and secure living conditions.

During *blue-skies*, Disaster Corps Project Leads play a vital role in SBP's Build intervention by leading construction projects on clients' homes. When volunteers are present, Project Leads train and supervise up to ten volunteers per day, ensuring quality work and monitoring construction safety. Disaster Corps Project Leads will support both SBP's Owner Occupied Rebuilding program and our Opportunity Housing program.

COVID-19 Safety Statement: *SBP requires COVID-19 vaccinations for all team members. SBP team members closely interact with vulnerable populations. As such, we have an obligation to ensure that no team member poses a direct threat to the health or safety of our clients, themselves, or others in the workplace. All vaccinated team members will be required to submit photocopies of the front and back of their vaccination cards prior to onboarding with SBP.*

Disaster Corps Project Lead Essential Functions:

- Maintain a clean, safe, and organized worksite.
- Ensure that all construction work is of the highest quality.
- Actively participate in construction projects completing each phase of construction on schedule with or without the presence of volunteers.
- Interact professionally and maintain a positive attitude when interacting with other team members, staff, homeowners, and volunteers.
- Maintain the ability to perform strenuous, physical labor in different climates, over long periods of time.
- When volunteers are present, Project Leads must:
 - Clearly articulate the homeowner's story and enduring needs, and educate volunteers on the community and the impacts of the storm.
 - Communicate daily and weekly goals.

- Supervise, participate alongside, and provide effective training and constructive feedback to volunteers who are completing insulation, drywall, mudding, painting, flooring, trim, doors, and other phases of construction.
- Serve as a liaison between the homeowner and volunteers.
- Following a disaster, Disaster Corps Project Leads must:
 - Commit availability to travel with 24-48 hours' notice and have the availability to deploy for 30 or more days
 - In the event of a large-scale disaster, relocate to the impacted community supporting response and recovery activities.
 - Provide immediate and long-term relief in areas impacted by natural disasters including but not limited to: basic needs assessments, volunteer coordination, client coordination, supply and donations management, debris removal, mucking and gutting homes, and any additional critical needs identified.
 - Willingness to stay in deployment housing which could include public shelters, Airbnb, hotels, religious facilities, or other temporary housing options available. SBP will provide bedding materials if none are available.
 - Conduct disaster response and preparedness trainings for communities and other national service organizations.
 - Support client services coordination, and volunteer coordination as needed.
- Adhere to SBP's Construction Manual and Safety Protocol and participate in regular safety trainings.
- Meet monthly with the Project Manager to discuss goals, construction projects, professional development, and any other issues and be open to regular feedback and coaching.
- Participate in September 11th Day of Remembrance and Martin Luther King Jr. Day of Service events, which may take place on a weekend or during holidays and include activities outside of the scope of typical day-to-day functions.
- Per 45 CFR §2540.100, member activities are not supplementing, duplicating, or displacing staff or volunteers.

Core Competencies and Academic and Professional Experience Needed: The AmeriCorps member should demonstrate the following competencies to perform the essential functions of this position:
