## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
The St. Bernard Project, Inc.  
d/b/a SBP, Inc.  
New Orleans, Louisiana

### **Opinion**

We have audited the accompanying consolidated financial statements of The St. Bernard Project, Inc. d/b/a SBP, Inc. (a nonprofit organization), which comprise the consolidated statements of financial position as of December 31, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of SBP, Inc. as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of SBP, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SBP, Inc.'s ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

## **Auditors' Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SBP, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SBP, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

## **Other Matters**

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Schedule of Compensation, Benefits, and Other Payments to Agency Head are presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United

States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2021, on our consideration of SBP, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SBP, Inc.'s internal control over financial reporting and compliance.

2) Summary of significant accounting policies

The significant accounting policies followed by the Organization are summarized as follows:

(a) Financial statement presentation

The Organization's policy is to prepare its consolidated financial statements on the accrual basis of accounting, which recognizes all revenues and the related assets when earned and all expenses and the related obligations when incurred.

(b) Basis of presentation

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 958, *Financial Statements for Not-for-Profit Entities*, requires the net assets and changes in net assets be reported for two classifications – without donor restrictions and with donor restrictions based on the existence or absence of donor imposed restrictions.

The Organization reports gifts of cash and other assets as with donor restrictions when they are received with donor imposed restrictions or requirements that limit the use of the donation. A donor restriction ends when a time restriction is met or a purpose restriction is accomplished. As restrictions are met, assets are reclassified to net assets without donor restrictions.

(c) Revenue recognition

The Organization recognizes contributions when cash, securities or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give - that is, those with a measurable performance or other barrier and a right of return - are not recognized until the conditions on which they depend have been met.

2) Summary of significant accounting policies (continued)

(c) Revenue recognition (continued)

A portion of the Organization's revenue is derived from cost-reimbursable federal, state and local contracts and grants, which are conditioned upon certain performance requirements and the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Organization has incurred expenditures in compliance with specific contract or grant provisions.

Real estate sales are recognized at the time the sale is complete and title has transferred to the buyer.

(d) Cash and cash equivalents

All cash-related items having a maturity of three months or less from the original maturity date are classified as cash and cash equivalents.

(e) Investments

Investments in equity securities with readily determinable fair values are reported at their fair values in the statements of financial position. Unrealized gains and losses are included in the change in net assets. Investments with a maturity of one year or less are classified as current.

(f) Accounts receivable

Accounts are considered overdue if uncollected within ninety days of original invoice. The Organization considers grant receivables to be fully collectible and when a balance becomes uncollectible, they are written off.

An allowance for uncollectible accounts has been maintained for estimated losses resulting from the inability of its tenants or donors to make payments. The Organization's estimate for the allowance for doubtful accounts is based on a review of the current accounts receivable. Accounts receivable is presented net of an allowance for doubtful accounts of \$94,338 and \$4,185 as of December 31, 2020 and 2019, respectively.

(g) Property and equipment

Property and equipment are carried at cost. Depreciation of property is provided over the estimated useful lives of the assets using the straight-line method. Repairs and maintenance are expensed as incurred. Expenditures that increase the value or productive capacity of assets are capitalized. When property and equipment are retired, sold, or otherwise disposed of, the assets carrying amount and related accumulated depreciation are removed from the accounts and any gain or loss is included in operations. The estimated useful lives of depreciable assets are:

	<u>Useful lives</u>
Building	39 years
Real estate held for rental	39 years
Equipment	5 years
Vehicles	5 years

(h) Construction in process

Construction in process includes houses owned by the Organization that are in the process of being rehabilitated and are carried at cost plus construction costs and an overhead allocation. The property is transferred to real estate held for sale once it is completed and ready to be put on the market for sale.

Real estate held for sale is carried at cost plus construction costs and an overhead allocation. The real estate has been acquired to be rehabilitated and sold to qualified homeowners.

(j) Real estate held for rental

Real estate held for rental is carried at cost plus construction costs and an overhead allocation. The real estate has been acquired to be rehabilitated and rented to qualified homeowners.

(k) Income taxes

SBP, Inc. is exempt from income taxes under Section 501(c)(3) of the U.S. Internal Revenue Code. SBP, Inc.'s determination letter is as of May 30, 2008.

Toulouse Commercial, Inc. is exempt from income taxes under Section 501(c)(3) of the U.S. Internal Revenue Code. Toulouse Commercial, Inc.'s determination letter is as of March 27, 2015.

SBP L9 Developer, LLC and SBP St. Peter Developer, LLC are both disregarded entities for income tax purpose. SBP, Inc. is the sole member of both entities.

The Organization has adopted the provisions of ASC 740, *Income Taxes*. Management of the Organization believes it has no material uncertain tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits. With few exceptions, the Organization is not subject to U.S. federal and state income tax examinations by tax authorities beyond three years from the filing of those returns.

(l) Functional expenses

The costs of providing the various programs and activities has been summarized on a functional basis in the statements of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Program and supporting expenses, when specifically identifiable, are classified to the function which incurred the expense. Expenses allocated using management's estimate of time include payroll, employee benefits and retirement plan expenses. Expenses allocated using management's estimate of usage include professional services, certain insurance, and depreciation and amortization.

(m) Fundraising

All expenses associated with fundraising events are expensed as incurred.

(n) Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2) Summary of significant accounting policies (continued)

(o) Impairment of long-lived assets

The Organization reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The Organization did not recognize any impairment losses in 2020 or 2019 related to assets held for use or sale.

(p) Concentrations of credit risk

Financial instruments that potentially subject the Organization to concentrations of credit risk consist principally of cash deposits. Accounts at each institution are insured by the Federal Deposit Insurance Corporation up to certain limits. The Organization has not experienced any losses in such accounts. The Organization has no policy requiring collateral or other security to support its deposits.

The Organization generally requires a deed of trust to support its notes receivable.

(q) Donated services

The Organization's policy is to recognize donations of in-kind services as revenue at fair value in the period such contributions are made. Donated services are recognized as contributions if the services create or enhance nonfinancial assets or require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. The Organization received volunteer help to renovate homes destroyed by natural disasters. The estimated value of the contributed services for the years ended December 31, 2020 and 2019 was \$1,053,796 and \$5,286,510, respectively.

(r) Donated property and equipment

Noncash donations are recorded as contributions at their fair value at the date of donations. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the donated asset to a specific purpose. The estimated value of the donated goods for the years ended December 31, 2020 and 2019 was \$2,121,580 and \$1,289,314, respectively.

(s) Financing and loan acquisition costs

Certain costs related to the New Market Tax Credit Financing Commitment have been capitalized and are being amortized over the estimated life of the related note payable. Financing and loan acquisition costs totaled \$808,820 as of December 31, 2020 and 2019. Accumulated amortization totaled \$127,100 and \$103,991 as of December 31, 2020 and 2019, respectively.

(t) New accounting pronouncements

The Organization has adopted Accounting Standards Update (ASU) No. 2018-08 *Not-for-Profit Entities: Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (Topic 605)* as management believes the standard improves the usefulness and understandability of the Organization's financial reporting.

(t) New accounting pronouncements (continued)

The Organization has adopted ASU No. 2014-09 *Revenue from Contracts with Customers (Topic 606)*, as amended as management believes the standard improves the usefulness and understandability of the Organization's financial reporting. Analysis of various provisions of this standard resulted in no significant changes in the way the Organization recognizes revenue, and therefore no changes to the previously issued audited financial statements were required on a retrospective basis. The presentation and disclosures of revenue have been enhanced in accordance with the standard.

In February 2016, the FASB issued ASU No. 2016-02 *Leases*. This accounting standard requires lessees to recognize assets and liabilities related to lease arrangements longer than 12 months on the statements of financial position as well as additional disclosures. The updated guidance is effective for annual periods beginning after December 15, 2021. The Organization is currently assessing the impact of this pronouncement on its consolidated financial statements.

In September 2020, the FASB issued ASU No. 2020-07, *Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. This accounting standard improves transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind, for not-for-profit organizations through enhancements to presentation and disclosure. The standard is effective for annual periods beginning after December 15, 2021. SBP, Inc. is currently assessing the impact of this pronouncement on its consolidated financial statements.

(u) Net assets

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets Without Donor Restrictions* – Net assets available for use in general operations are not subject to donor (or certain grantor) restrictions.

*Net Assets With Donor Restrictions* – Net assets subject to donor-imposed or certain grantor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

The Organization reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends, or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

5) Investments and fair value measurement

Investments are the only assets measured at fair value on a recurring basis. Realized and unrealized gains and losses are included in the change in net assets in the accompanying consolidated statement of activities. Valuation techniques used to measure fair value are prioritized into the following hierarchy:

Level 1—Quoted prices in active markets for identical assets.

Level 2—Quoted prices for similar assets in active or inactive markets, or inputs derived from observable market data by correlation such as appraisals or other means such as calculations based on contractual rates and published tables.

Level 3—Unobservable inputs that reflect management’s assumptions and best estimates based on available data.

The Organization uses Level 1 measurements whenever possible, as they result in the most reliable measure of fair value. Investments are measured at fair value in the consolidated statements of financial position. Investment income and gains restricted by donors are reported as increases in net assets free of donor restrictions if the restrictions are met in the reporting period in which the income and gains are recognized. There were no changes in the valuation techniques during the year.

The Organization is required to report its fair value measurements in one of three levels, which are based on the ability to observe in the marketplace the inputs to the valuation techniques. The Organization uses the following ways to determine the fair value of its investments:

The Organization has various notes receivable totaling \$85,210 and \$132,092 in connection with the sale of various properties as of December 31, 2020 and 2019, respectively. There has been no breach of the promissory notes as of December 31, 2020 or 2019.

7) Notes receivable

As part of a New Markets Tax Credit transaction, SBP, Inc. entered into an agreement on January 16, 2014 to lend FNBC NMTC Hybrid Fund, LLC (“NMTC, LLC”), \$2,122,500 in the form of a subordinate loan note. NMTC, LLC then loaned these funds to SPB Real Estate, Inc, which is a related party of the organization as further discussed in Note 19. The note receivable accrues interest at a rate of 1.41% and interest is paid quarterly. Interest earned and received on the loan was approximately \$22,500 and \$30,000 as of December 31, 2020 and 2019, respectively. On October 23, 2020, NMTC, LLC exercised its redemption and assignment option transferring its note receivable due from SBP Real Estate, Inc. to SBP, Inc. Accordingly, as of December 31, 2020, the balance of this note receivable is presented as notes receivable – related party. The outstanding principal as of December 31, 2020 and 2019 totaled \$2,122,500.

SBP, Inc. entered into an agreement on June 30, 2015, as part of a New Markets Tax Credit Transaction, to lend Toulouse Investment Fund, LLC, \$4,823,500 in the form of a subordinate loan note. The outstanding principal as of December 31, 2020 and 2019 totaled \$4,823,500. The note accrues interest at a rate of 2.02% and interest is paid quarterly. Interest earned and received on the loan as of December 31, 2020 and 2019 was approximately \$97,500.

8) Liquidity and availability

Financial assets available for general expenditure without donor or other restrictions limiting their use within the coming year comprise the following:

Financial assets:	
Cash and cash equivalents	\$ 9,441,010
Investments	5,476,057
Accounts receivable	3,826,744
Grants receivable - other	524,896
Grants receivable - federal	1,707,687
Less with donor restrictions for a specific purpose	(5,648,353)
Financial assets available for general expenditure	<u>\$ 15,328,041</u>

This amount is approximately 48% of the total expenditures for 2020, so the Organization should have the ability to conduct its activities at a similar level for the coming year even if revenues decline.

9) Commitments and contingencies

SBP, Inc. is the guarantor in a New Markets Tax Credit Indemnity Agreement between Toulouse Commercial, Inc. and a bank. The notes payable balance related to the New Market Tax Credit Indemnity Agreement was \$7,000,000 at December 31, 2020 and 2019, as disclosed in Note 14. Any breach of the loan agreements between Toulouse Commercial, Inc. and the bank could be considered a recapture event according to the agreement. Should a recapture event occur, SBP, Inc. could be obligated to pay the recapture amount according to the agreement. Management believes there are no breaches of the agreement as of December 31, 2020.

10) Line of credit

The Organization has an \$850,000 unsecured line of credit with a bank for its working capital needs with a maturity date of February 27, 2021. The interest rate on the line is determined based on the LIBOR base rate (2.904% at December 31, 2020). Subsequent to year-end, this line was renewed with a new expiration date of March 10, 2022.

11) Grant note payable

SBP, Inc. was awarded a grant from the New Orleans Redevelopment Authority (“NORA”) to assist with the development of single-family housing for low income families. In order to obtain the land and start development of the building a credit agreement was executed on June 30, 2015 by and among Toulouse Commercial, Inc. and GSNMF SUB-CDE 13, LLC, a Delaware limited liability company (“Lender”). The loans qualify as a “quality low income community investment” and generate certain tax credits called New Markets Tax Credits (“NMTC”) under Section 45D of the Internal Revenue Code. To qualify, Toulouse Commercial, Inc. must comply with certain representations, warranties, and covenants, including but not limited to, maintaining its’ non-profit status and will continue to qualify as a qualified low-income community business. UNIFORM GUIDANCE COMPLIANCE AND  
GOVERNMENT AUDITING STANDARDS REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER  
MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS*

To the Board of Directors  
The St. Bernard Project, Inc.  
d/b/a SBP, Inc.  
New Orleans, Louisiana

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of SBP, Inc. (the Organization), which comprise the consolidated statement of financial position as of December 31, 2020, and the related consolidated statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated October 27, 2021.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the consolidated financial statements, we considered SBP, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of SBP, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether SBP, Inc.'s consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is distributed by the Legislative Auditor as a public document.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR  
EACH MAJOR PROGRAM AND  
ON INTERNAL CONTROL OVER  
COMPLIANCE REQUIRED BY UNIFORM GUIDANCE

To the Board of Directors  
The St. Bernard Project, Inc.  
d/b/a SBP, Inc.  
New Orleans, Louisiana

## **Report on Compliance**

### ***Opinion on Compliance for Each Major Federal Program***

We have audited SBP, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of SBP, Inc.'s major federal programs for the year ended December 31, 2020. SBP, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, SBP, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

### ***Basis for Opinion***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of SBP, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of SBP, Inc.'s compliance with the types of compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to SBP, Inc.'s federal programs.

### ***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the types of compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on SBP, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the types of compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about SBP, Inc.'s compliance with the requirements of the federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding SBP, Inc.'s compliance with the types of compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of SBP, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of SBP, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the *Auditors' Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### **Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of SBP, Inc. as of and for the year ended December 31, 2020, and have issued our report thereon dated October 27, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statements as a whole.
