Financial Preparedness

CHECKLIST

☐ Have emergency cash on hand and consider saving for an emergency fund as your budget allows.

☐ Have a recent inventory of your home with photos and records to show what you own and estimate the total value (save your receipts!). A good way to get started is to take a video of every room in your home.

☐ Review your insurance policies with your agent to determine if you have any coverage gaps you should address, especially when it comes to wildfires.

DID YOU KNOW?

In 2018 alone, over 22,000 homes and businesses were burned by wildfires.

KEEP IN MIND

Homeowners policies often cover smoke and fire damage but call your agent to fully understand the details of your policy and whether you need additional coverage.

Check with your state’s department of insurance for additional wildfire options including stand-alone fire policies. Replacement Cost coverage in your homeowners or renters policy is strongly recommended.
